

Who are we

The African Great Lakes Region Consortium is made of eleven local Quaker and non-Quaker charities set up and run by Africans in Burundi and the province of South Kivu in the Democratic Republic of Congo. We work in solidarity to support vulnerable victims of armed conflict and natural disasters. Our goal is to work in solidarity to support vulnerable people in the African Great Lakes region (Burundi and the Democratic Republic of Congo). The Consortium is registered with the Congolese government as an NGO platform under **number JUST.112/DP-SKV/CA/8145/20**. The Consortium's areas of intervention are: Peace and conflict resolution, Education, Health and nutrition, Trauma healing, Youth empowerment, and Food protection and security.

1. Activities

Project to support the education of vulnerable people

We support 134 children in the primary, secondary, and university levels by paying school fees and supervision of each student by supervisors in the Consortium's local member charities. Britain Yearly Meeting's Simmons Grant supports ten children.

Health and Nutrition Project .

The Support Consortium awareness workshops on sexual and reproductive health and mental health in Congo and Burundi...

Peace and conflict resolution

The Consortium organised training workshops for young girls and women leaders from different communities on inheritance rights, social cohesion and conflict resolution.

Trauma Healing Project

Single mothers receive training in tailoring and sewing as part of a socio-economic reintegration program for traumatized individuals in Bukavu, Democratic Republic of Congo. Widowed women in Burundi benefit from microfinance to support their families (BAHO-Soi-là Project).

Project to improve the socio-economic conditions of Burundian refugees

We are trying to improve the socio-economic conditions of vulnerable women displaced by war by providing them with funds to support their small businesses in Baraka/DRC.

Project to combat food insecurity

Food security remains a major pillar for our communities affected by hunger, malnutrition and extreme poverty in Uvira and Fizi, South Kivu Province in the Democratic Republic of Congo. The initiative of this pilot Seed Multiplication project is intended as a sustainable solution to meet the needs of the many families struggling with famine, the many malnourished displaced children and the many farmers in need of good quality seeds in Uvira and Fizi, South Kivu /DRC.

GBV prevention project

We support The objective of this activity is to contribute to the psychosocial rehabilitation and protection of survivors of gender-based violence, to ensure the socio-economic integration of victims, and to raise awareness among men about adopting positive masculinity.

Youth Promotion

We are strengthening the capacity of young people in Bukavu/DRC to master computer tools.
